SOX TWIRLERS BEAT DETROIT

Jomiskey Pitchers Have Better Averages Than Tiger Nine.

Statistics of pitchers, White Sox vs. Tigers, covering a period of three years, give Jomiskey's staff an edge over Jennings' troops.

These records compiled by Al Munro Elias, gives the White Sox 25 victories and 27 defeats for a percentage of .518, and Detroit 23 victories and 21 defeats for a percentage of .531.

In point of efficiency in games won Claude Williams, once a member of the Tigers, leads both clubs, the little southpaw having averaged five and lost two. On Detroit's side Berrie Roland sticks out, his percentage of .577 having been attained by virtue of four victories in six starts.

The summaries follow:

White Sox's Pitchers	W.	L.	Pct.

ATHLETICS BUY MANY PLAYERS

The Athletic club has purchased pitcher John R. Watson, a right handed pitcher from the Fort Smith club of the Western Association, has returned pitcher Bacon to the Chattanooga club of the Southern League because of his habits and has fired pitcher Bush the amount of his salary for the rest of the season and suspended him indefinitely for failure to take proper care of himself all season.

UMPIRE H. KANE BACK IN CITY

Harry Kane, former twirler on the Philadelphia Athletics, who this season umpired in the Texas League, returned here Thursday morning where he will spend the fall and winter. A draft has been put in for Kane by both the Southern League and the American Association.

Speaking of the Texas League season Kane said, "Financially the season was disastrous as practically all teams lost money. Dallas, the pennant winner was the savior of the league."

REDEK IS BOHEMIAN

Manager Redek, of Pittsburgh, is of Bohemian descent, but is thoroughly American and one faithful English life also speaks German fluently, has a good command of French, is equally confident in Bohemian and converses readily in Russian. We don't know how he takes when the Pirates get going—backward.

TRIPLE UMPIRE SYSTEM—FOHL

Cleveland Manager Says He Will Be Glad When Three Arbiters Work.

"I will be glad," remarked Les Fohl, of Cleveland manager, "when the time comes for us to have three umpires assigned to every game. I have seen enough of the three umpire system this year to know that it is so far ahead of the two umpire arrangement to permit of no comparison."

The reason for Les' argument was the manner in which umpires Owen, Nallen and McCormack, worked at Philadelphia. One, of course, remained behind the plate continually. One chased back and forth between first and third, while the third stuck close to third base.

It so happened that during the Indian-Athletic series there were close to a dozen close decisions at third and, according to Coach Fohl and Howard and third baseman Evans, in no one case did the umpire stationed at third str, although to the occupants in the press box it looked as if the umpire had missed several.

BISHOP VICTOR IN TRAF SHOOT

GUISO DRAFTED INTO NEW ARMY

Louis Guiso, relief first baseman of the Cleveland club, has received a telegram from Napa, Calif., notifying him that his draft number for selective conscription service has been drawn. He will go before one of the Cleveland examining boards and does not intend to claim exemption. This takes both of Cleveland's first basemen, as Joe Harris has passed without claiming exemption. Outfielder Kinner Smith also has been drafted. This makes Cleveland players taken in the draft.

BOSTON INJURED BY ERNIE SHORE

The loss of Ernie Shore is bound to prove a serious handicap to the Boston Red Sox during the present championship race in the American League and in the world's series, in the event the champs should be contenders in that big event. Without the services of Ernie, the pitching staff of the champs would be as badly crippled as a canoeist without a paddle.

Dick Kinsella May Be Scout Again For Giants

Dick Kinsella, to whom the wisemen give as much credit as they do to John McGraw for the rebuilt Giants who are now National League pennant favorites, has felt the call of the game again. A year or so ago he decided to retire from the search for talent, since it kept him away from his vernal and paint factory in Springfield, Ill., and also interfered with his political plans, but late information is that he has arranged his affairs that he can "look them over" for the New York club again this summer. Perhaps already he is out under cover, striding up to McGraw, and soon we may hear of new Houtkas, Kidnaps and so on unscrutinized for the big show. Not only Kinsella, a past master judge of young ball players, but as a "fixer" of athletes' grievances he has been, invaluable to McGraw.

RAFTER IS RELEASED

Bill Rafter, the all round star from Syracuse university, who was recently purchased by the Yankees, has been released to the Bridgeport club, of the Eastern League, for further seasoning.

One Handed Catcher a Marvel Behind Base

Franklyn, Conn., Sept. 6.—Coroner let fans in various towns of these United States may boast of their star one-handed pitchers and one-hand in and outfielders playing baseball for the edification of the populace, but this town has a unique athlete in the form of a one hand catcher, Sammy Gooding, who owns a ranch near here, done the mash and protector every Sunday, pore behind the plate and receives the delivery of the speediest twirler.

SMULLIN IS STAR

McMullin is filling Weaver's place at third base for the White Sox in brilliant fashion. He is batting heavily, too. For that reason Bobby Byrne is sitting on the bench.

Who's Who In World Series

By JACK YEROCK.

ALBERT DEMAREE, Giant Pitcher.

THE luckiest pitcher in the big leagues. This statement covers some territory, but if there is a luckier player in baseball than Al Demaree, he hasn't made himself known to date.

Demaree got his first real start in professional baseball in the Southern League, with Memphis, and he came to the Giants in time to participate in the world's series of 1912, putting the loser's end of the pie with the members of McGraw's team that year. In 1915 he was with the Phillies when they copped the flag, and once again he figured as a member of the pie cutting fraternity, though for a second time he took the loser's share of the prize.

When Pat Moran traded Demaree to the Cubs for Jimmy Lavender, the prospect of his hurling into any more world's series was mighty slim, but just because he is a lucky ball player. Al managed to figure in a deal that brought him back to the New York club and sent little Pete Kibbie to the Cubs. And now Steamer Al, the cartoonist pitcher, is about to shake the spoils of what promises to be a victory making series this fall. Softly, rather. On his shewing since coming back.

CHICAGO SURE OF FIRST PLACE

Details for World's Championship Series Will Be Made on Sept. 20.

Chicago, Ill., Sept. 6.—Details for the world's series are to be worked out at a special meeting of the national baseball commission to be held in Cincinnati, Sept. 20, president Johnson, of the American League, said Wednesday night.

Although Charles A. Comiskey, president of the club, declines to make any statement claiming the American League championship, orders for world's series seats are beginning to pour in from middle west cities. One Chicago enthusiast placed an order reserving 22 box seats. These orders are being held up, however, until Chicago is certain of beating out Boston.

There is a strong possibility that the series, if Chicago is the American League contender, will start in Chicago on Saturday, Oct. 6, president Johnson said. Although the place for playing the first game is directed by the town of a vote, president Johnson said the National league might waive this formality and agree to start the games in the west so a Sunday game could be played.

Seats for the world's series baseball teams this year will not be secured by mail, the New York National league club announced Wednesday night. Numerous letters asking for reservations have been received by the club, it was stated.

DONOVAN MAY LEAVE

It is likely that Bill Donovan will not manage the Yankees another season. Among the names mentioned as his successor is that of manager Lajoie, of Toronto, whose selection for the job would meet with the unanimous approval of the ball fans of New York.

BILL MEDINA NEW TWIRLER

Shortstop of Weston Team May Go on Mound Saturday Afternoon.

Past Bill Medina, infielder of the Weston Pass City League club, may break into the diamond in the role of a twirler Saturday afternoon, when a picked team from the league is scheduled to meet the 13th field artillery baseball club at Rio Grande park.

Medina and Chasman will be the battery of the Pass City leaguers if scores L. M. Coyne is successful in securing this pair, according to announcement by Coyne Thursday morning. Last Sunday the two ill Passons worked in a game against the Palomares Hot Springs baseball team, and Medina pitched his opponent, seven to two, and allowed but two safe hits. During the past three months the artillery team has won 14 out of 25 games, and local fans are looking forward to a real game when the teams meet on the field. The artillery club is reported to have a star twirler who is anxious to try conclusions with the local boys.

FRED MOLLWITZ TO THE PIRATES

Fred Mollwitz, the first baseman of the Kansas City club, and formerly with the Cincinnati and Chicago teams will join the Pirates. Barney Dryfus announced on August 31 that the first baseman Ray Miller and outfielder Altengel and two other players not yet decided on, would be sent to Kansas City for Mollwitz.

The rattle of your loose wheels is just as much a warning of danger as the rattle of the snake. The accident your wheels may cause is just as likely to be fatal as the strike of the reptile.

SPOKITE

Swells Wood Tightens and Silences Loose, Rattly Wheels

Heed the warning now! Apply Spokite at once and not only stop the rattle but prevent the possibility of collapsing wheels. A few drops squirted into the cracks caused by shrinkage of the wood will swell your wheels tight as new—and keep them tight.

Cheaper, Better, Quicker Than Old Way

The old, or mechanical, way does not prevent further shrinkage or swelling. The Spokite way does. The old way costs about \$2.50 per wheel. Spokite tightens 4 wheels for \$1.00. The old way keeps your vehicle idle half a day or more. Spokite tightens 4 wheels in an hour—and without the trouble of removing them. Thousands of wheels have been tightened the Spokite way and not a single case of failure has yet been found.

Don't Risk Your Life Any Longer

Every time you go out with loose wheels you take your life in your hands. A sharp turn, a curb, a sudden bump and—bang! Your wheels collapse, and perhaps in a most dangerous place.

See Your Dealer Go to the nearest garage, auto supply or hardware store and ask for a wheel size can of Spokite. It costs only \$1.00 and makes 4 wheels safe.

If your dealer can't supply you, write our factory and we will send you a quantity promptly.

IN SPITE OF LOW PRICE

People of means have always taken to Fatimas in spite of the low price. One proof of this is Fatima's popularity at the big Automobile Shows, both in the East and West.

Even at the Chicago and New York Shows last January Fatimas outsold all other cigarettes.

There's a mighty good reason for this big leadership: Fatima's Turkish blend gives more than fine flavor alone, more than comfort to throat and tongue—Fatimas never disturb even though you may smoke all day long.

You'll find Fatimas sensible—as sure as you try a package.
